Organic Decaf OZO Blend

syrupy, rich, sweet

Our Organic Decaf OZO Blend is naturally decaffeinated from our friends at Swiss Water without the use of chemicals! This blend has a big full body that is syrupy, chocolaty, sweet, rich, with a mild acidity and a clean finish.

Ursa Major

roast, chocolate, spice

Ursa Major is our take on a classic dark roast coffee, with flavor notes of chocolate, spice and roast. We chose to call this blend, Ursa Major, to pay homage to the biggest constellation in the sky, our love of Colorado, bears and family. Just in time for the snow to set in and curl up with a delicious cup of this beautiful dark roast.
