

WE HAVE THE LAND. WE HAVE THE DEMAND. WE NEED YOU!

- We have a project site where restoration will offer benefits for people, wildlife, and our community.
- We have demand to urgently restore places that protect our community from wildfire impacts and ensure clean water.
- We have already raised \$300,000 but need your help to fill a \$20,000 gap in funding. Contribute today and we will put it to work tomorrow.
